THE MINISTER SPEAKS—

NOT FOR SALE

By William Irwin
Central Avenue Baptist Church
Scripture Mark 8:36-37 "For what shall it profit a man, if he gain the whole world, and lose his own soul? Or what shall a man give in exchange for his soul?"

We have all heard people say

that "Anything has its price." And we consider it to be true that every commodity on earth has its worth. The worth of each item may vary but there is a price for each one. We have become accustomed here in America to evaluate almost everything in dollars and cents. Whether it is an education, a new car, or a vacation, we place a dollar sign around it and make everything else revolve around it.

But Who can estimate the THE WORTH OF A SOUL? CAN FIX ITS PRICE? The human soul, of all God's vast creation, alone is priceless! All the earth's wealth is not enough to buy a soul. You can place on the auction block all the cities with their skyscrapers, hotels and factories. You can add the six continents with all their wealth and still the amount would not be sufficient to buy one soul. All these things will pass away one day. BUT A MAN'S SOUL IS ETERNAL!

Man, who is made in the image of God is ageless. At least his soul makes him ageless and immortal. When the hills and mountains have found their graves the soul of man will have just begun to live. But there is an age old problem that man is unable to solve for himself. Because of what the first man and woman did in the Garden of Eden, man's soul is lost! Only through the wonderful, matchless love and grace of God has this problem been solved. Jesus said "The Son of man is come to seek and to save that which was lost." He scarcely took time out from his busy day to provide for his own needs.

was always found speaking to someone about their eternal home. What did he see? He saw the value of a soul! Do we?

Oh, the untold, unimagined worth of one precious soul! It is better to live and die a penniless pauper than to lose your soul. It is better to endure constant suffering and pain all the years of your life and die in agony than to lose your soul. Isn't it strange that there is no heavenly reward promised to those who a mass a fabulous fortune, or to those who build an empire or win the praise of men?

But the Word of God reads clearly, "He that winneth souls is wise. And they that be wise shine as the brightness of the firmament; and they that turn many to righteousness as the stars for ever and ever."

Judy White, first.

An era of Rinns in the Old Glory Community is now history. Mr. and Mrs. Ervin Rinn sold their farm last week and moved to a new location. They had lived on their farm south of Old Glory all their married life, and he was born and reared on the O. H. Rinn farm nearby.

Mr. and Mrs. O. H. Rinn, who were Ervin's parents, settled on their farm here in the early 1900's. He died several years ago, but Mrs. Rinn now resides in Stamford. They reared 14 children, the older ones attended school at Mt. Zion School which was consolidated with Old Glory in the summer of 1920. Ervin's father was a long-time trustee in the Mt. Zion school and later in the Old Glory School.

For sixty years there were Rinns living here. Their relatives, the late Mr. and Mrs. Henry Rinn and their family also lived at Old Glory; but one by one they left here, and when the Ervin Rinns moved to the chicken ranch they bought near Spur it left the community without anyone bearing the Rinn name.

Mr. and Mrs. Ervin Rinn will be missed here. They have a daughter and family, Mr. and Mrs. Wesley Neinst and sons at Littlefield.

Mr. and Mrs. R. H. Pardue of Abilene were here recently visiting with their niece and husband, Mr. and Mrs. Lynn Flow-ers.

Mr. and Mrs. Charlie Letz were in Lubbock last Sunday.

BURGLARY LEADS LIST OF CRIMES IN JONES COUNTY

Burglary ranks as the number one crime in Jones County on the basis of number of indictments returned. A survey of records in the office of District Clerk W. L. McDonald reveals.

Placing second in number of cases was second offense driving while intoxicated. Running a close third was forgery. From this point on down, offenses are numerous but the number of persons involved was not great.

Every two years the district clerk is required by law to furnish to the attorney general's department a complete breakdown of indictments, convictions, acquittals, dismissals, number of death sentences, number of life sentences, total years in prison, number suspended sentences, number of probation sentences and total amount of money collected in fines.

Last report of this kind was filed in October of 1962, covering the period Sept. 1, 1960 through Aug. 31, 1962.

According to this report, there were 48 burglary indictments returned with 32 convictions for 75 years in prison. There were 15 dismissals, 1 acquittal, 3 suspended sentences and 4 probation sentences.

There were 27 convictions on 30 indictments charging second offense DWI. One of these drew a suspended sentence and there were 4 dismissals. Fines totaled \$2,978.50. This is the only offense in which fines were collected.

As the result of the 28 forgery indictments, 21 convictions

were obtained with sentences totaling 40 years in prison. Two indictments were dismissed and 1 defendant was acquitted. One sentence was suspended and one was probated.

Theft over \$50 charges involved 14 persons, with 10 of them being convicted for a total of 30 years in prison. There was one dismissal and two suspended sentences.

The report shows there were no death sentences and no life imprisonment sentences, although there were four assault to murder and three murder indictments returned.

Three of the assault to murder charges were dismissed while the one conviction brought two years in prison which was suspended.

All three of the murder indictments resulted in conviction with a total of 31 years assessed in the penitentiary.

Other indictments were as follows: embezzlement, 4; failure to stop and render aid, 1; rape, 2; swindling, 20; "other felonies", 10. Of the 142 total, 101 resulted in convictions, three acquittals and 36 dismissals.

Buick has a great transmission.

An automobile transmission, we grant you, isn't the most soul-stirring subject on earth. Nothing to look at either.

But if you'd like for your next new car to give you a better break on performance and gasoline mileage, something happened last week to be your guide.

The Los Angeles to New York Mobil Economy Run proved one thing for sure. There's quite a difference in the transmissions of new cars.

Three out of four for Buick

The long-time champion in the transmission league—Buick—walked off with the 1964 economy pennant. No other single make of car won as many events as Buick. Four entries, three winners.

The winning Special carried the new Super Turbine 300 automatic transmission; the LeSabre was equipped with the Super Turbine 400 (both optional at extra cost). They're the latest in a long line of Buick transmissions well known for their smoothness and absence of "shift feel". The Super Turbine is a refined and improved torque

converter type to help you safely pass cars and trucks as well as gas stations.

You'll hear a lot about it in the next couple of years as this modern kind of transmission is adopted by more and more car builders.

What about engines?

Of course, an efficient transmission gets more efficient when teamed up with a lean, agile engine. The winning Buick power plants were our new V-6 and V-8. The 300 cubic inch V-8 in the winning Buick Special (the lowest priced of all Buicks) and the Buick LeSabre (the lowest priced big Buick) is like a well-conditioned fighter. All muscle, no fat. Weighs in at far less than other V-8's of similar punch. It took every other V-8 in the Economy Run.

Your type of driving—regular gas

The Run was through cities and towns, across super highways, in traffic, out of traffic. This was not race track driving or proving ground driving. This was your kind of driving—even though you can't expect to get as good mileage as these expert drivers in their finely tuned produc-

tion cars. The distance was 3,243 miles, about what most families log in four months. All three Buicks used regular gas. So the Economy Run is not just a cross country tour for the Mobil people and a few car buffs. It's a reliable test of a car's power team and what it's able to squeeze out of its fuel.

We don't expect everybody to rush out this week-end to buy a new Buick just because we won a few economy trophies. There are so many other good reasons for leaning to Buick that economy usually gets second billing. There's styling, naturally. An unusually great ride. Extraordinary engineering and workmanship. And very young performance. Small wonder Buick sales are running at 11.5% over last year.

But it's nice to get economy as a plus in a Buick. Beyond the dollars saved on gasoline, there's a certain pride in knowing you have a car that's built to get the most out of every tank of gasoline.

Wouldn't You Really Rather Have a Buick?

PIPER PATTERN FFA CHAPTER TO HAVE THREE TEAMS IN TEXAS TECH JUDGING

The Pied Piper Band won a first division rating in both concert and sightreading at ULL Contest Saturday. These two ratings, along with the first division previously won at marching contest, secured a sweepstakes for the band.

The Hamlin FFA Chapter will enter three teams in livestock, dairy cattle, and poultry Saturday in the Texas Tech Judging contests. These contests will serve as the Area II and Stamford District Contests.

Last Saturday the chapter entered an educational exhibit on the reason for pruning in the Hamlin Garden Club's Flower Show. They also entered several individual flowers and received two blue ribbons and one red ribbon.

Next Tuesday, April 28, the chapter will send delegates and chapter Sweetheart, Anna Adams, to Rochester for the Stamford District FFA Banquet. At this meeting, the district awards for this year will be presented, and the 1963-64 Stamford District Sweetheart will be selected.

The faculty of Hamlin High honored the juniors with a breakfast Tuesday morning. S. L. Tate spoke to the group on the responsibilities which come with being seniors next year. He emphasized the two questions "Who Are You?" and "Where Are You Going?" In his talk, Mr. Tate also stressed the necessity of standing for right principles instead of following the crowd. He also used the poet's words that we should "leave our footprints on the sands of time." Mmes. J. C. Turner, Clifford Reynolds, Jr., and George Bachelor assisted in serving the breakfast.

David Drummond won first place in the mile run at a practice track meet held in Wichita Falls last Friday. Winning second places were Robert Pearce, broad jump; Larry Simpson, high jump, and Larry Butler, low hurdles. Butler also won third place in the 880 yard run. Schools from class A, AA, AAA, and AAAA competed in the meet. The mile relay team, consisting of Butler, Pearce, Mike Shivers, and Allen Cumble won fifth place. These boys will be competing in the Regional Track meet to be held in Lubbock this week end. Kenneth Scott will also be competing at Lubbock.

Approximately eighty high school students and faculty members attended the school picnic last Friday. The Student Council provided recreation for the group. The "Meteorites", a combo composed of Gary Jay, Ronnie Sipe, Terry Carter, and Nick Moore, furnished music.

PATTERNS FOR PROGRESS

WTU is proud to be a part of your community

PAYROLLS

. . . sparkplug for economic growth

Payrolls pay off when new manufacturing industry begins operation in a town. Memphis, population 3500, is a good example. Pictured above is the Hall Plant, a unit of Burlington Industries, famous textile manufacturers. It brought a payroll to this Texas Panhandle town for more than 100 employees, mostly women, and has become an important addition to the local economy.

National studies show that payrolls, which come from 100 basic new jobs in a community, add 100 more homes left as the total electric Gold Medallion home pictured left . . . increase retail sales by \$331,000 annually . . . create three new retail establishments . . . bring 359 new people including 91 school children . . . and add 97 more car registrations.

This is another PATTERN FOR PROGRESS.

American industry is on the move . . . expanding, relocating, and establishing new product facilities all over the Nation. Here is another opportunity for communities to seek new manufacturing payrolls. WTU suggests that every community give serious consideration to this opportunity, since payrolls are, as we have seen, a sparkplug for economic development and growth.

INCOME TAX REDUCTION

The income tax reduction bill that became effective in April of 1964 had the vote and support of OMAR BURLESON who has long felt that tax relief for the public was one of the most important issues before Congress.

LIMITED BEEF IMPORTS

OMAR BURLESON introduced a bill in Congress to limit the imports of beef from foreign countries. With a 25% wholesale price decrease caused by foreign imports this bill would provide a broader market for the ranchers and cattlemen. Retail prices remain high.

REDUCE FEDERAL BUDGET

Long an advocate for lower federal spending, OMAR BURLESON, in his 18 years in Congress, has voted to reduce the federal budget from three to 13 BILLION dollars each of his nine Congressional terms. He has never voted to reduce defense expenditures.

CUBAN EMBARGO

During the Cuban affair OMAR BURLESON introduced a bill for a complete embargo on trade with that country. He voted against the sale of wheat to Russia, recognizing that it would encourage our allies to sell to Cuba which they have done in fact.

CIVIL RIGHTS

Because the present form of the Civil Rights bill contains provisions to limit the freedoms of all Americans, he voted against it. He is for the constitutional guarantees for all Americans regardless of status.

LIMITED OIL IMPORTS

In 1949 OMAR BURLESON introduced the first bill to limit oil imports, and then voted for the bill that gave the President of the United States power to limit or abolish oil imports.

REDUCE COMMITTEE BUDGETS

As chairman of the House Administration Committee, OMAR BURLESON has consistently reduced the spending of congressional committees. He reduced Adam Clayton Powell's committee spending budget by 50%.

FOREIGN AID

OMAR BURLESON has voted against foreign aid since the late 1940s. The recent rearing in Congress as to drastically reducing foreign aid and discussion about abolishing it proves him correct.

FAIRVIEW NEWS

By MRS. ELMER JOINER

This is a time when we are all about ready to leave West Texas, the weather is dry, hot and windy. No rain has fallen in April, which month usually has showers so easily, so the wheat crop that looked so promising just a short time ago, is looking worse every day. Some planted on ground where cotton was raised last year, is just about dead, that planted on wheat land last year looks better, but if it doesn't rain real soon, we are wondering how long even the best can take it. The weather man is promising us some showers tomorrow, it looks like they hate to be so unkind to us, so they always say, "tomorrow", you will have showers.

Every one out this way were recovered from their various illnesses this week and back in church. All but Mrs. Henry, and she came up with something different this week. We are always complimenting them on being so young in their actions, maybe she is overdoing the thing, since she has the hives. She said she was of the opinion that nothing but babies had hives, but Dr. assured her that the condition she is suffering from was hives. We hope she is soon feeling better, as hot weather and a skin condition aren't very good company.

We carried a little item last week about our former neighbor, Mrs. Johnnie Agnew being in the hospital, who is now recovered and reported as feeling fine.

Another report we would like to make also, as the readers will remember a few weeks ago in this column we even reported that George Wainscott was scheduled for surgery, which he did not have, and at this time we are happy to learn that he is feeling wonderful and is working every day. Only those that have been through a siege of illness can appreciate what that means.

One of those that can appreciate the fact is Miss Maude Drake, who is still doing fine after her eye surgery, her doctor says her sight is improving all time. We all join her in thanksgiving for the restoration of her eyesight.

Mr. and Mrs. R. M. Jones visited with Mr. and Mrs. Elmer Joiner last Tuesday night.

On their trip to Midland last week, Mr. and Mrs. Henry spent Sunday night in Andrews with his sister, Mr. and Mrs. Matheny. Sunday night they attended services at Calvary Baptist Church, where Rev. Doyle Combs is pastor, and heard him preach, and after services visited with the family in their home.

Mr. and Mrs. Elmer Joiner

spent Thursday with the Goodwins, where the men worked all day installing a new water pump.

The Fairview Cemetery was sprayed last week to kill the weeds, this Monday morning the men are meeting over there to clean up further. Saturday week is the first Saturday in May, therefore cleanup day there, but since such a few attend any more, they try to have all the hard work done before that time, and devote that morning to putting the finishing touches to all the graves, making it look attractive.

Mr. and Mrs. Fred Rosenbaum attended the homecoming at the Neinda Community center, Sunday. The old school

house, formerly used as the community center, has been abandoned and the Methodist Church building has been purchased and is being used for that purpose.

Mr. and Mrs. George Wainscott went to Haskell Saturday night to take supper and visit with their children, Mr. and Mrs. Wayne Wainscott and children.

Mrs. Doyal Bills, Jana and Tonya are visiting with her

parents, Mr. and Mrs. Winson Gray. The Bills live in Houston and this is the newest daughter's first visit with grandpa and grandma. They were also in church Sunday morning.

The committee for the Family Night, of the church, has announced that it will be held, Wednesday night, April 29, in the home of Mr. and Mrs. Flavil Holmes. We all look forward to these meetings, since they are always enjoyed.

NIEDECKEN SEEKS SUPPORT IN RACE FOR COUNTY ATTORNEY

I wish to take this opportunity to present my formal announcement of my candidacy for the office of County Attorney of Jones County, Texas.

I was born in Hamlin, Jones County, Texas, on June 18, 1929. My parents are Mr. and Mrs. B. W. (Wes) Niedecken, and they still reside in Hamlin. I received my education in the Hamlin Public Schools, and after graduation I attended Hardin-Simmons University in Abilene, Texas, where I received a Bachelor of Business Administration degree.

While attending Hardin-Simmons University I married the former Patsy Carroll of McCaulley, and we have two children. Our daughter, Debby, is ten years of age, and our son, Tracy, is six. At the present time my wife, Pat, is teaching the fifth grade in the Anson Ward School.

After graduating from Hardin-Simmons University I served two years in the United States Army. Upon receiving my discharge from the Army I attended the University of Texas School of Law from which I received an LL.B. degree in 1957 and was licensed to practice law in the State of Texas.

After receiving my license to practice law, I opened a law office in Abilene, Texas, for the general practice of law. Later I was employed by Humble Oil and Refining Co. in their Houston Land and Title Department.

... for County Attorney

ment, a position which I held for five and one-half years and in which I received considerably legal training and experience.

My family and I are members of the First Baptist Church in Anson. I am a member of the Anson Lions Club and have been active in other community civic work.

I believe my training, experience, and education qualify me for the position of County Attorney, and I want to assure the voters of Jones County that if I am elected I will always give dependable and courteous service to each person and will endeavor to be an impartial officer because the laws are for each of us alike.

The incumbent is serving his sixteenth year as County Attorney, and it is my belief that it is time for a change in that office. I hope that this is your opinion also.

Please take this as a personal solicitation of your vote and influence. It is my sincere desire to see each voter before the May 2nd primary. However, if you are missed, it will not be intentional, and I certainly hope you will accept this as my sincere request for your support.

Ben Niedecken, Jr.

Electric cooking doesn't guarantee that busy fingers won't splatter food but it is a nicer way to cook. Flameless electric cooking means no soot, no dirt, no pilot light, no obnoxious fumes and no smoke. Electricity is safer — cooler — cleaner. It's the modern way to cook.

Start them early at your house. Miss Homemaker of 1980 deserves the best. Cooking with dependable, efficient, economical electricity from the Midwest Electric Cooperative means cooking at its best.

CAR-TRUCK WRECK NEAR HERE KILLS MCCAULEY YOUTH SAT.

A car-truck collision at 4:35 p.m. Saturday 2.2 miles east of Hamlin on State Highway 92, fatally injured Dickey Gann, 14, of McCauley, and injured two brothers.

The injured were Ronnie Willard Jeffrey, 16, driver of the car, and Rickie Allen Jeffrey, 13, both of Rt. 1, Sylvester.

The Gann youth was dead on arrival at Hamlin Memorial Hospital.

The two brothers suffered head lacerations. They were reported "doing just fine" Wednesday morning and were expected to be released from the hospital either Wednesday afternoon or Thursday morning.

Highway Patrolman Oscie

Renfro of Stamford said a bob-tail truck loaded with posts, driven by Tommy Daniels, 28, of Boerne, was headed toward Hamlin and was making a right turn up a dirt lane when the Jeffrey car and the truck were in collision.

The Gann youth and the younger Jeffrey were both riding in the back seat of the car. Renfro said Gann was asleep on the right side.

The car did not overturn, but continued "kind of sideways" until it stopped on the highway shoulder, Renfro said.

Neither Daniels nor his passenger, Jack E. Gifford of Boerne, was injured.

Funeral for Dickey Gann was held at 2 p.m. Sunday in McCauley Baptist Church with the Rev. Edwin Peeples, pastor, and the Rev. Neal Shepherd, pastor of Westside Baptist Church in Sweetwater, officiating. Burial was in McCauley Cemetery.

He was born Sept. 15, 1949 in Sweetwater, and was an eighth grade student in the McCauley school. His parents, Mr. and Mrs. Oran Gann Jr., moved from Sweetwater to Rotan in 1957 and to McCauley in 1962. He was a member of McCauley Baptist Church.

Survivors are the parents; a brother, Donnie, and a sister, Shirley, both of the home; and the paternal grandparents, Mr. and Mrs. Oran Gann Sr. of Rotan.

THE MINISTER SPEAKS— NOT FOR SALE

By William Irwin
Central Avenue Baptist Church
Scripture Mark 8:36-37 "For what shall it profit a man, if he gain the whole world, and lose his own soul? Or what shall a man give in exchange for his soul?"

And we consider it to be true that every commodity on earth has its worth. The worth of each item may vary but there is a price for each one. We have become accustomed here in America to evaluate almost everything in dollars and cents. Whether it is an education, a new car, or a vacation, we place a dollar sign around it and make everything else revolve around it.

But Who can estimate the THE WORTH OF A SOUL? CAN FIX IT'S PRICE? The human soul, of all God's vast creation, alone is priceless! All the earth's wealth is not enough to buy a soul. You can place on the auction block all the cities with their skyscrapers, hotels and factories. You can add the six continents with all their wealth and still the amount would not be sufficient to buy one soul. All these things will pass away one day. BUT A MAN'S SOUL IS ETERNAL!

Man, who is made in the image of God is ageless. At least his soul makes him ageless and immortal. When the hills and mountains have found their graves the soul of man will have just begun to live. But there is an age old problem that man is unable to solve for himself. Because of what the first man and woman did in the Garden of Eden, man's soul is lost! Only through the wonderful, matchless love and grace of God has this problem been solved. Jesus said "The Son of man is come to seek and to save that which was lost." He scarcely took time out from his busy day to provide for his own needs.

Extemporaneous Speaking —

was always found speaking to someone about their eternal home. What did he see? He saw the value of a soul! Do we?

Oh, the untold, unimagined worth of one precious soul! It is better to live and die a penniless pauper than to lose your soul. It is better to endure constant suffering and pain all the years of your life and die in agony than to lose your soul. Isn't it strange that there is no heavenly reward promised to those who amass a fabulous fortune, or to those who build an empire or win the praise of men?

But the Word of God reads clearly, "He that winneth souls is wise. And they that be wise shine as the brightness of the firmament; and they that turn many to righteousness as the stars for ever and ever."

An era of Rinn's in the Old Glory Community is now history. Mr. and Mrs. Erwin Rinn sold their farm last week and moved to a new location. They had lived on their farm south of Old Glory all their married life, and he was born and reared on the O. H. Rinn farm nearby.

Mr. and Mrs. O. H. Rinn, who were Erwin's parents, settled on their farm here in the early 1900's. He died several years ago, but Mrs. Rinn now resides in Stamford. They reared 14 children, the older ones attended school at Mt. Zion School which was consolidated with Old Glory in the summer of 1920. Erwin's father was a long-time trustee in the Mt. Zion school and later in the Old Glory School.

For sixty years there were Rinn's living here. Their relatives, the late Mr. and Mrs. Henry Rinn and their family also lived at Old Glory; but one by one they left here, and when the Erwin Rinn's moved to the chicken ranch they bought near Spar it left the community without anyone bearing the Rinn name.

Mr. and Mrs. Erwin Rinn will be missed here. They have a daughter and family, Mr. and Mrs. Wesley Neinst and sons at Littlefield.

Mr. and Mrs. R. H. Pardue of Abilene were here recently visiting with their niece and husband, Mr. and Mrs. Lynn Flowers.

Mr. and Mrs. Charlie Letz were in Lubbock last Sunday.

Winning three classes in the Mobil Economy Run is easy if you have a great transmission.

Table with 3 columns: CLASS C*, CLASS D*, CLASS G*. Rows list various Buick car models and their miles per gallon.

Buick has a great transmission.

An automobile transmission, we grant you, isn't the most soul-stirring subject on earth. Nothing to look at either. But if you'd like for your next new car to give you a better break on performance and gasoline mileage, something happened last week to be your guide.
The Los Angeles to New York Mobil Economy Run proved one thing for sure. There's quite a difference in the transmissions of new cars.
Three out of four for Buick
The long-time champion in the transmission league—Buick—walked off with the 1964 economy pennant. No other single make of car won as many events as Buick. Four entries, three winners.
The winning Special carried the new Super Turbine 300 automatic transmission; the LeSabre was equipped with the Super Turbine 400 (both optional at extra cost). They're the latest in a long line of Buick transmissions well known for their smoothness and absence of "shift feel". The Super Turbine is a refined and improved torque converter type to help you safely pass cars and trucks as well as gas stations. You'll hear a lot about it in the next couple of years as this modern kind of transmission is adopted by more and more car builders.
What about engines?
Of course, an efficient transmission gets more efficient when teamed up with a lean, agile engine. The winning Buick power plants were our new V-6 and V-8. The 300 cubic inch V-8 in the winning Buick Special (the lowest priced of all Buicks) and the Buick LeSabre (the lowest priced big Buick) is like a well-conditioned fighter. All muscle, no fat. Weighs in at far less than other V-8's of similar punch. It took every other V-8 in the Economy Run.
Your type of driving—regular gas
The Run was through cities and towns, across super highways, in traffic, out of traffic. This was not race track driving or proving ground driving. This was your kind of driving—even though you can't expect to get as good mileage as these expert drivers in their finely tuned production cars. The distance was 3,243 miles, about what most families log in four months. All three Buicks used regular gas. So the Economy Run is not just a cross country tour for the Mobil people and a few car buffs. It's a reliable test of a car's power team and what it's able to squeeze out of its fuel.
We don't expect everybody to rush out this week-end to buy a new Buick just because we won a few economy trophies. There are so many other good reasons for leaning to Buick that economy usually gets second billing. There's styling, naturally. An unusually great ride. Extraordinary engineering and workmanship. And very young performance. Small wonder Buick sales are running at 11.5% over last year.
But it's nice to get economy as a plus in a Buick. Beyond the dollars saved on gasoline, there's a certain pride in knowing you have a car that's built to get the most out of every tank of gasoline.
Wouldn't You Really Rather Have a Buick?

PATTERNS FOR PROGRESS

WTU is proud to be a part of your community

PAYROLLS

. . . sparkplug for economic growth

Payrolls pay off when new manufacturing industry begins operation in a town. Memphis, population 3500, is a good example. Pictured above is the Hall Plant, a unit of Burlington Industries, famous textile manufacturers. It brought a payroll to this Texas Panhandle town for more than 100 employees, mostly women, and has become an important addition to the local economy.

National studies show that payrolls, which come from 100 basic new jobs in a community, add 100 more homes such as the total electric Gold Medallion home pictured left . . . increase retail sales by \$331,000 annually . . . create three new retail establishments . . . bring 359 new people including 91 school children . . . and add 97 more car registrations

This is another PATTERN FOR PROGRESS.

American industry is on the move . . . expanding, relocating, and establishing new product facilities all over the Nation. Here is another opportunity for communities to seek new manufacturing payrolls. WTU suggests that every community give serious consideration to this opportunity, since payrolls are, as we have seen, a sparkplug for economic development and growth.

FFA CHAPTER TO HAVE THREE TEAMS IN TEXAS TECH JUDGING

The Pied Piper Band won a first division rating in both concert and sightreading at UIL Contest Saturday. These two ratings, along with the first division previously won at marching contest, secured a sweepstakes for the band.

The Hamlin FFA Chapter will enter three teams in livestock, dairy cattle, and poultry Saturday in the Texas Tech Judging contests. These contests will serve as the Area II and Stamford District Contests.

Last Saturday the chapter entered an educational exhibit on the reason for pruning in the Hamlin Garden Club's Flower Show. They also entered several individual flowers and received two blue ribbons and one red ribbon.

Next Tuesday, April 28, the chapter will send delegates and chapter Sweetheart, Anna Adams, to Rochester for the Stamford District FFA Banquet. At this meeting, the district awards for this year will be presented, and the 1963-64 Stamford District Sweetheart will be selected.

The faculty of Hamlin High honored the juniors with a breakfast Tuesday morning. S. L. Tate spoke to the group on the responsibilities which come with being seniors next year.

Scripture reading was taken from 1 Corinthians, 13, and read by the teacher, Mrs. Tate May, who also presided at the business session.

The social hour consisted of "Fun Time", at which time a game was played, led by Mrs. Tate May, who called out a question of the Bible to be answered by placing a matched card on the square of a card containing the answer, the object of which was to fill all the squares on a given card. The game was enjoyed by all.

Closing prayer was led by Mrs. Tate May.

Others present were: Mmes. J. C. Farmer, Otto Steinke, John Hix, George Pruitt and J. D. Kitchen.

Refreshments of nut roll, coffee or Coke were served. The next meeting will be a breakfast on May 13, at 9:00 in the home of Mrs. Bill Shira.

Approximately eighty high school students and faculty members attended the school picnic last Friday. The Student Council provided recreation for the group. The "Meteorites", a combo composed of Gary Jay, Ronnie Sipe, Terry Carter, and Nick Moore, furnished music.

Students representing Hamlin High at the regional meet in Lubbock this week end are Jack Townley Jr., Persuasive Speaker; Mary Lois Patterson, Number Sense; and Ronnie Teichelman, tennis. The volleyball team, composed of Cheryl Brown, Judy Jenkins, Barbara Lakey, Phyllis Scarborough, Alanna Kennedy, Kay Hodnett, Geneva Ward, and Phyllis Rackley, will also compete in the events.

Each year the Rotary Club honors an outstanding boy and girl from each class. The winners of the award for 1963-64 are Joyce Smith and Ronnie Teichelman, seniors; Mary Lois Patterson and David Drummond, juniors; Judy Jenkins and Tommy Ferguson, sophomores; and Margaret Ann Johnson and Robert Moore, freshmen. These students will be guests at a meeting of the Rotary Club at which time they will receive certificates of awards.

Rev. and Mrs. Gene Moore, Susan and Timothy of Cedarburg, Colo., were guests in the home of Mr. and Mrs. John Barnett last week.

OMAR BURLESON

Born and raised in Jones county

Is a lawyer. Served as County Attorney, County Judge, Special Agent FBI and in U.S. Navy, WW II.

YOUR CONGRESSMAN FOR 18 YEARS. ELECTED WHEN 40.

Married, lives in Anson, Texas.

INCOME TAX REDUCTION

The income tax reduction bill that became effective in April of 1964 had the vote and support of OMAR BURLESON who has long felt that tax relief for the public was one of the most important issues before Congress.

LIMITED BEEF IMPORTS

OMAR BURLESON introduced a bill in Congress to limit the imports of beef from foreign countries. With a 25% wholesale price decrease caused by foreign imports this bill would provide a broader market for the ranchers and cattlemen. Retail prices remain high.

REDUCE FEDERAL BUDGET

Long an advocate for lower federal spending, OMAR BURLESON, in his 18 years in Congress, has voted to reduce the federal budget from three to 13 BILLION dollars each of his nine Congressional terms. He has never voted to reduce defense expenditures.

CUBAN EMBARGO

During the Cuban affair OMAR BURLESON introduced a bill for a complete embargo on trade with that country. He voted against the sale of wheat to Russia, recognizing that it would encourage our allies to sell to Cuba which they have done in fact.

CIVIL RIGHTS

Because the present form of the Civil Rights bill contains provisions to limit the freedoms of all Americans, he voted against it. He is for the constitutional guarantees for all Americans regardless of status.

LIMITED OIL IMPORTS

In 1949 OMAR BURLESON introduced the first bill to limit oil imports, and then voted for the bill that gave the President of the United States power to limit or abolish oil imports.

REDUCE COMMITTEE BUDGETS

As chairman of the House Administration Committee, OMAR BURLESON has consistently reduced the spending of congressional committees. He reduced Adam Clayton Powell's committee spending budget by 50%.

FOREIGN AID

OMAR BURLESON has voted against foreign aid since the late 1940s. The recent reaction in Congress as to drastically reducing foreign aid and discussion about abolishing it proves him correct.

FAIRVIEW NEWS

By MRS. ELMER JOINER

This is a time when we are all about ready to leave West Texas, the weather is dry, hot and windy. No rain has fallen in April, which month usually has showers so easily, so the wheat, crop that looked so promising just a short time ago, is looking worse every day. Some planted on ground where cotton was raised last year, is just about dead, that planted on wheat land last year looks better, but if it doesn't rain real soon, we are wondering how long even the best can take it. The weather man is promising us some showers tomorrow, it looks like they hate to be so unkind to us, so they always say, "tomorrow", you will have showers.

Every one out this way were recovered from their various illnesses this week and back in church. All but Mrs. Henry, and she came up with some thing different this week. We are always complimenting them on being so young in their actions, maybe she is overdoing the thing, since she has the hives. Sh said she was of the opinion that nothing but babies had hives, but Dr. assured her that the condition she is suffering from was hives. We hope she is soon feeling better, as hot weather and a skin condition aren't very good company.

We carried a little item last week about our former neighbor, Mrs. Johnnie Agnew being in the hospital, who is now recovered and reported as feeling fine.

Another report we would like to make also, as the readers will remember a few weeks ago in this column we even reported that George Wainscott was scheduled for surgery, which he did not have, and at this time we are happy to learn that he is feeling wonderful and is working every day. Only those that have been through a seige of illness can appreciate what that means.

One of those that can appreciate the fact is Miss Maude Drake, who is still doing fine after her eye surgery, her doctor says her sight is improving all time. We all join her in thanking for the restoration of her eyesight.

Mr. and Mrs. R. M. Jones visited with Mr. and Mrs. Elmer Joiner last Tuesday night.

On their trip to Midland last week, Mr. and Mrs. Henry spent Sunday night in Andrews with his sister, Mr. and Mrs. Matheny. Sunday night they attended services at Calvary Baptist Church, where Rev. Doyle Combs is pastor, and heard him preach, and after services visited with the family in their home.

Mr. and Mrs. Elmer Joiner

spent Thursday with the Goodwins, where the men worked all day installing a new water pump.

The Fairview Cemetery was sprayed last week to kill the weeds, this Monday morning the men are meeting over there to clean up further. Saturday week is the first Saturday in May, therefore cleanup day there, but since such a few attend any more, they try to have all the hard work done before that time, and devote that morning to putting the finishing touches to all the graves, making it look attractive.

Mr. and Mrs. Fred Rosenbaum attended the homecoming at the Neinda Community center, Sunday. The old school

house, formerly used as the community center, has been abandoned and the Methodist Church building has been purchased and is being used for that purpose.

Mr. and Mrs. George Wainscott went to Haskell Saturday night to take supper and visit with their children, Mr. and Mrs. Wayne Wainscott and children.

Mrs. Doyal Bills, Jana and Tonya are visiting with her parents, Mr. and Mrs. Winson Gray. The Bills live in Houston and this is the newest daughters first visit with grandpa and grandma. They were also in church Sunday morning.

The committee for the Family Night, of the church, has announced that it will be held, Wednesday night, April 29, in the home of Mr. and Mrs. Flavil Holmes. We all look forward to these meetings, since they are always enjoyed.

Keith Wheatley's Name to Appear on Jones County Ballot

The name of Keith Wheatley will appear on the Democratic primary ballot in Jones County although he no longer is a candidate.

Mr. Wheatley announced early this year for the Texas Senate post now held by David W. Ratliff of Stamford but withdrew from the race the first of this month.

County Democratic Chairman Louis Johnson had already placed the order for the ballots and they were prepared before the withdrawal was requested.

Mr. Ratliff is a candidate for re-election and is the only Democratic seeking the office.

NIEDECKEN SEEKS SUPPORT IN RACE FOR COUNTY ATTORNEY

I wish to take this opportunity to present my formal announcement of my candidacy for the office of County Attorney of Jones County, Texas.

I was born in Hamlin, Jones County, Texas, on June 18, 1929. My parents are Mr. and Mrs. B. W. (Wes) Niedecken, and they still reside in Hamlin. I received my education in the Hamlin Public Schools, and after graduation I attended Hardin-Simmons University in Abilene, Texas, where I received a Bachelor of Business Administration degree.

While attending Hardin-Simmons University I married the former Patsy Carroll of McCaulley, and we have two children. Our daughter, Debby, is ten years of age, and our son, Tracy, is six. At the present time my wife, Pat, is teaching the fifth grade in the Anson Ward School.

After graduating from Hardin-Simmons University I served two years in the United States Army. Upon receiving my discharge from the Army I attended the University of Texas School of Law from which I received an L.L.B. degree in 1957 and was licensed to practice law in the State of Texas.

After receiving my license to practice law, I opened a law office in Abilene, Texas, for the general practice of law. Later I was employed by Humble Oil and Refining Co. in their Houston Land and Title Department,

BEN NIEDECKEN JR.

ment, a position which I held for five and one-half years and in which I received considerably legal training and experience.

My family and I are members of the First Baptist Church in Anson. I am a member of the Anson Lions Club and have been active in other community civic work.

I believe my training, experience, and education qualify me for the position of County Attorney, and I want to assure the voters of Jones County that if I am elected I will always give dependable and courteous service to each person and will endeavor to be an impartial office holder because the laws are for each of us alike.

The incumbent is serving his sixteenth year as County Attorney, and it is my belief that it is time for a change in that office. I hope that this is your opinion also.

Please take this as a personal solicitation of your vote and influence. It is my sincere desire to see each voter before the May 2nd primary. However, if you are missed, it will not be intentional, and I certainly hope you will accept this as my sincere request for your support.

Electric COOKING is Cleaner

Electric cooking doesn't guarantee that busy fingers won't splatter food but it is a nicer way to cook. Flameless electric cooking means no soot, no dirt, no pilot light, no obnoxious fumes and no smoke. Electricity is safer — cooler — cleaner. It's the modern way to cook.

Start them early at your house. Miss Homemaker of 1980 deserves the best. Cooking with dependable, efficient, economical electricity from the Midwest Electric Cooperative means cooking at its best.

*The same goes for electric heat too.
